## **DFC-P420 Vertical Packaging Machine**

### **Application:**

Capable of automatically bagging various granular products in the food or non-food industries, such as potato chips, nuts, frozen food, vegetable, sea food, hardware products, polymers etc.

### **Features:**

1. SIEMENS PLC control with stable reliable biaxial high accuracy output information and colour screen, bag-making, measuring, filling, printing, cutting, finished in one operation.
2. Separate control cabinets for pneumatic and electrical control.
3. Film drive system utilizes a servo motor double belt system which means: less pulling resistance on the film and the bag appearance during packing is maintained.
4. External film releasing mechanism to allow for easier roll changes.
5. Touch screen control to adjust bag specifications.
6. Includes date coder.

### **Specifications:**

Type SW-P420

Bag length 50-300 mm(L)

Bag width 50-200 mm(W)

Max width of roll film 420 mm

Packing speed 5-65 bags/min

Measuring range 150-1200 ml

Air consumption 0.65 mpa

Gas consumption 0.3 m3/min

Power voltage 240V/50Hz 2.2KW

Machine Dimension 1080(L) X1300(W) X1400(H) mm

Gross Weight 600 Kg
